

# New Mexico State University

## ***2018 Master Gardener Class***

The class will cover basic botany, soils, insects and disease, plant selection, xeriscaping, turf, pruning, container gardening, fruit, berry & grape production, home vegetable gardening, basic landscape design, wildlife management, etc.

Whether you are a beginner or have been gardening for years, learn about gardening in New Mexico's high desert.

Reserve your spot in the 2018 Master Gardener Training Course.

Tuesday Evenings

Fuller Lodge

6:00 p.m. to 9:00 p.m.
