Do You have diabetes?

Yes

No

No, but a member of my family has diabetes

If you do have diabetes:

NMSU Cooperative Extension is doing a study to determine the effectiveness of Kitchen Creations cooking schools. It will involve filling out food logs for three days before the cooking classes and food logs for three days after the classes. There are also two short questionnaires to fill out. It will take about 15 minutes to fill out each food log and about 15 minutes to fill out each questionnaire. All of the information that you provide will be confidential. If you complete the study, NMSU will send you a \$40 gift certificate to a local grocery store. If you would like to participate, your phone number will be provided to K'Dawn Jackson at NMSU and she will be in touch with you shortly to provide more information and send you the forms.

Are You interested in participating in the study?
